

BEGIN WITH A CONCEPT

As part of Tele-Commuter Resources' Information Age Community project, the WVP supports the Community, the Public and the Private Sector.

THE GENESIS OF WORKFORCE VIRTUALIZATION

AN INTEGRATED AND HOLISTIC APPROACH

All Sectors rely on silos, but TCR believes they are inefficient, ineffective and counterproductive. Accordingly, the WVP integrates ALL organizational stakeholders/departments to maximize fiscal and operational outcomes

TEST FEASIBILITY TO ENSURE AN ROI

Don't focus on the employee, focus on the occupation. First deploy your employees with continuity roles; and you don't need 20 people doing the same job on site nor do you have to have one there just in case you have a question. But deploy everyone on the basis on hierarchy, technology and the number of days per week that they can work remotely.

The Assessed	
Total Employees	911
Completed Assessments	80
Percent Assessments Completed	79%
The Potential	
Job Classes Defined/Assessed	64/46
Job Classes Compatible	40
Job Class Extended Employees	533
Compatible Employees	487
Percent Compatible	91%
One Time Costs	
Fully Provisioning Employees	\$3,363,429
Deconstruction Allowance @7%	\$76,327
Total Costs	\$3,439,756
Annual Savings @40% of soft dollars	
Space Reductions	\$674,090
Absenteeism @ 20%	\$154,563
Productivity @ 8%	\$1,098,536
Turnover/Training @ 15%	\$160,060
Total Savings	\$2,087,249
NET after five years	\$6,996,490

IMPLEMENT IT IN LOGICAL STEPS

The Process is simple:

FEASIBILITY

Make sure it makes cents.

OPTIMIZATION

Make sure it is efficient

SEQUENTIAL

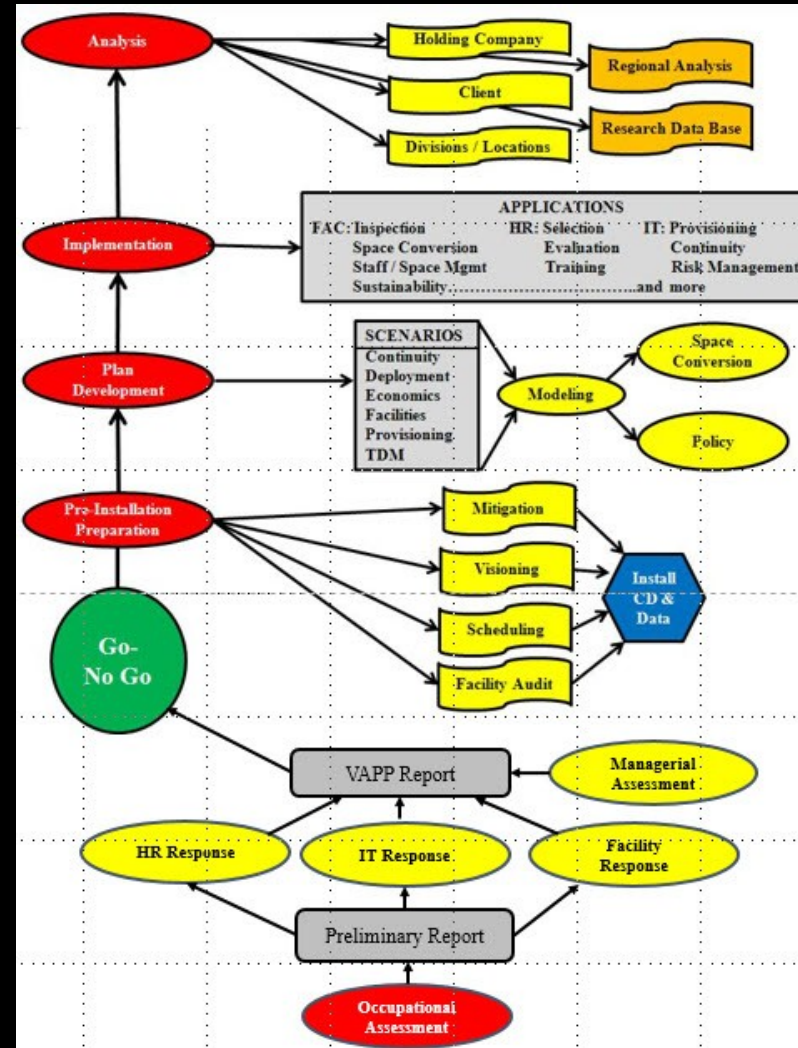

Logic dictates schedule

ACCOUNTABLE

Policy updates are critical

PERFORMANCE

Support your organization and share its impacts with the community

MITIGATE BARRIERS / OPTIMIZE DEPLOYMENT

Once the senior team has defined goals and expectations, use modeling to figure out what combination of scenarios will generate the greatest level of results.

And culture and team development can be accomplished in many and.
